- Entering the Secret Garden: Intergenerational Theatre

## AREAS OF EXPERTISE:

- Dementia Education
- Creative Engagement
- Arts and Health/Arts and Aging
- Faith and Dementia
- Care Staff Development

## WHO I WORK WITH:

- Professional Care Staff
- Families
- Arts and Culture Organizations
- Senior Centers
- Educational Institutions

## MY WHY

"Just as a craftsman or an artist continues to hone their craft, so too must care partners and others working as aging and dementia professionals."

## MY APPROACH

Creative Engagement isn't only an activities approach. It is a model (an evidenced-based model at that) of the full picture of care. If you leave it up to the Activities team to understand and use Creative Engagement, you are missing a big piece of the pie.
